## PROFESSIONAL EXPERIENCE

---

### Frontend Developer | Fulltime

Mimocodes

Jun 2024 - Present

Cairo, Egypt

A dynamic Egyptian company specializing in software solutions, with a strong emphasis on fintech. The company also offers services in website design and development, mobile app development, and corporate branding, all within a supportive and collaborative environment.

- Transitioned from freelance to full-time software engineer in-office after demonstrating expertise and commitment.
- Expanded skills in Laravel framework with MySQL, complementing proficiency in MERN stack technologies.
- Collaborated closely with backend developers and UI/UX designers to deliver cohesive, high-quality projects.
- Managed diverse projects including TV Apps, React and Vanilla JavaScript frontends, and Laravel-based solutions.
- Contributed to major projects for prominent clients like Dashboard for Aman, KYC for BanknBox, and TV Apps redesign, along with websites for IBO.
- Facilitated knowledge sharing within the team, fostering a collaborative environment to enhance project outcomes.
- Engaged in decision-making processes, contributing insights and solutions in company meetings.
- Enhanced my approach as a frontend developer by prioritizing accessibility, ensuring websites are more usable for screen reader users.
- Demonstrated proactive problem-solving skills and a growth mindset, aligning with the values of collaboration, respect, and accountability.

### Frontend Developer (React) | Freelance

Mimocodes

Feb 2024 – Jun 2024

Cairo, Egypt

- Collaborated with a skilled team at Mimocodes to deliver complex projects as a React Frontend Developer.
- Translated design concepts into dynamic websites with intricate animations using FramerMotion.
- Seamlessly integrated backend systems and occasionally customized backend solutions.
- Developed loading animations, admin dashboards, and optimized websites for SEO with React Helmet.
- Employed TailwindCSS for modern, polished designs and ensured projects met client expectations.
- Demonstrated strong project management by consistently delivering on time and maintaining proactive site updates.

**Frontend Developer (React) | Freelance***Necron***Sep 2023 - Jan 2024****Riyadh, Saudi Arabia**

Necron is a hosting company that delivers robust and scalable hosting solutions. Known for its reliability and efficiency, Necron focuses on providing seamless, high-performance hosting services tailored to meet the diverse needs of businesses, ensuring a secure and stable online presence for its clients.

- Translated Figma designs into a functional website through close collaboration with a UI/UX designer.
- Developed a responsive website for Necron Host using React.js, focusing on frontend implementation.
- Optimized the website for SEO with React Helmet, enhancing visibility.
- Delivered the project on time, showcasing strong project management skills.

**Frontend Developer (React) | Freelance***Labixe Ltd***Dec 2022 - Sep 2023****London, United Kingdom**

A company of skilled professionals offering top-notch web and server hosting solutions. With a focus on customer satisfaction, they provide personalized, reliable services, making hosting accessible to all, regardless of technical expertise or budget, and empowering clients with a strong online presence.

- Developed and launched a website for Labixe Ltd using HTML, CSS, Tailwind, and React.js.
- Created an intuitive, responsive design that improved user experience and engagement.
- Collaborated with designers and backend developers for seamless integration and functionality.
- Integrated third-party APIs and ChartJS for enhanced features and interactive data visualization.
- Maintained the website, resolving issues quickly, and received positive feedback for design and usability.
