## PROFESSIONAL EXPERIENCE

---

### Frontend Developer | Fulltime

Mimocodes

Jun 2024 - Present

Cairo, Egypt

A dynamic Egyptian company specializing in software solutions, with a strong emphasis on fintech. The company also offers services in website design and development, mobile app development, and corporate branding, all within a supportive and collaborative environment.

- Transitioned from freelance to full-time software developer in-office.
- Expanded skills in Laravel framework with MySQL.
- Redeveloped Aman's merchant dashboard, enhancing performance, accessibility, and interactivity with optimized animations and clean, maintainable code.
- Contributed to the BanknBox KYC Portal by developing key frontend pages and resolving issues to improve user experience and inclusivity.
- Redeveloped multiple TV Apps for IBO, ensuring responsive design and seamless functionality across multiple TV sizes.

### Frontend Developer | Freelance

Mimocodes

Feb 2024 – Jun 2024

Cairo, Egypt

- Collaborated with a UI/UX designer from Mimocodes making IBO Player website as a React Frontend Developer.
- Translated design concepts into a dynamic website with intricate animations using FramerMotion.
- Seamlessly integrated the backend system and occasionally customized backend solutions.
- Developed loading animations, an admin dashboard, and optimized the website for SEO with React Helmet.
- Employed TailwindCSS for modern, polished design and ensured the project met client expectations.

### Frontend Developer | Freelance

Necron

Sep 2023 - Jan 2024

Riyadh, Saudi Arabia

Necron is a hosting company that delivers robust and scalable hosting solutions. Known for its reliability and efficiency, Necron focuses on providing seamless, high-performance hosting services tailored to meet the diverse needs of businesses, ensuring a secure and stable online presence for its clients.

- Translated Figma designs into a functional website through close collaboration with a UI/UX designer.

- Developed a responsive website for Necron Host using React.js, focusing on frontend implementation.
- Optimized the website for SEO with React Helmet, enhancing visibility.
- Delivered the project on time, showcasing strong project management skills.

**Frontend Developer | Freelance**

*Labixe Ltd*

**Dec 2022 - Sep 2023**  
**London, United Kingdom**

A company of skilled professionals offering top-notch web and server hosting solutions. With a focus on customer satisfaction, they provide personalized, reliable services, making hosting accessible to all, regardless of technical expertise or budget, and empowering clients with a strong online presence.

- Developed and launched a website for Labixe Ltd using HTML, CSS, Tailwind, and React.js.
- Created an intuitive, responsive design that improved user experience and engagement.
- Collaborated with designers and backend developers for seamless integration and functionality.
- Integrated third-party APIs and ChartJS for enhanced features and interactive data visualization.
- Maintained the website, resolving issues quickly, and received positive feedback for design and usability.
